CD60:71. With this obvious and accurate identification of the names and numbers in LHO's notebook/Martello slip so readily available, is it not to wonder why the NO FBI contrived to get no answers? The names were well known to the average, not-too-bright newspaper reader. Any belief why #72 is withheld?

CD64:2 is at best hut

CD75:331-3. I had this. True, he went there all by himself, unbidden, to be a fink, then said he was dping it to try and help LHO, then the govt, from stories.
